BUILDING COLLAPSED

Three Persons Killed and Eleven Others Injured.

TWO OF THEM PERHAPS FATALLY

It Was a Two and a Half Story Wooden Tenement House and Was Occupied by Several French Families—It Was Being Raised to Permit the Building of Another Story Beneath.

PROVIDENCE, May 18.—A 2 1/2-story wooden tenement house, owned by Joseph Lemoine and occupied by several French families in conventry, in that part known as Jericho, seven miles from this city, collapsed late yesterday afternoon and three persons were killed and 11 injured. It is thought that two of the latter are fatally hurt. The building had been raised to permit the building of another story beneath it.

The killed are: Mrs. Mabel Gurtin, 50 years old, occupant of the house.

Asa Aldrich, 55 years old, workman, employed in raising the house.

A two-and-a-half-year old child of Louis Lemoine, occupant of the house.

The injured are: Mrs. Joseph Lemoine, aged 70 years, crushed, bruised and internally injured, probably fatally.

Noah Richards, workman, scalp wounds, side crushed, probably fatally injured internally.

Mrs. Louis Lemoine, 35 years old, seriously injured about the head.

Fred Balliere, 10 years old, scalp wounds, unconscious.

Frank Lemoine, 18 years old, leg fractured.

Joseph Lemoine, 85 years old, serious contusions.

Gosselin, 10 years old, scalp wounds, shoulder crushed.

Two small children named Ganniere were also injured, one, a boy, was cut about the head, the other, a girl, fractured leg.

Two others sustained slight injuries but were able to care for themselves.

The lower portion was formerly a store and the owner recently decided to raise it and fit the lower stories for tenements. The two families in the upper stories did not move out. About 4 o'clock in the afternoon, while the men were working at the under-pinning, the building without warning slid off the piles on which it rested and pitched endwise into the street, striking the ground with a terrific crash, as it was split and smashed into a mass of kindling wood. From the ruins rose the cries of the injured and dying, and the passersby and others at once began the work of rescue.

WILL OF AN ECCENTRIC ENGLISHMAN
Quarter of a Million Dollars Given to Public Institutions.

INDIANAPOLIS, May 18.—The will of John Herron, an eccentric Englishman, who came to Indianapolis 30 years ago from Cincinnati, was probated yesterday afternoon. He left an estate of \$250,000 and all of it except a few thousands to remote relatives goes to public institutions. The Indianapolis Art association is to receive the bulk of it, amounting to \$225,000.

Herron was unknown to a single member of the association. He never visited the art exhibition so far as is known. He was known for his probity and strict attention to his own business. Some people called him penurious. A month ago he went to California for his health. There he was accidentally burned, and the injuries resulted fatally. Herron was about 70 years of age.

Prices on Crackers Raised.

ST. LOUIS, May 18.—The cracker trust explains its rise in prices by saying that it is in sympathy with the recent rise of \$1 per barrel in flour. Louisville has made no advance in price. The Baltimore people have withdrawn from the market entirely, at present, and it is said that no New Orleans crackers are sold within 400 miles of St. Louis.

Difference of Opinion.

WASHINGTON, May 18.—Solicitor General Conrad has rendered an opinion in which he holds that Section 3 of the copyright act of March 3, 1891, applies as well to books which were copyrighted before as to those which have been copyrighted since the act. This is in conflict with the opinion of the solicitor of the treasury.

Alleged Gamblers in Court.

CHICAGO, May 18.—The cases against the owners and employees of Hawthorne race track, arrested in the Civic Federation raid of last week, were temporarily disposed of yesterday. All the defendants, against whom the same charges of violating the gambling laws were lodged, waived examination for court.

California's First Governor Dead.

SAN FRANCISCO, May 18.—Peter H. Burnett, the first constitutional governor of California, died yesterday. He was 80 years old, and a native of Tennessee. He filled various judicial offices and served a term as justice of the supreme court of California.

Arm Torn Off.

NOBLESVILLE, Ind., May 18.—A horrible accident occurred in a water mill on Fall creek. Willy Lackey, 14, was arranging some gearing about the corn-hopper, when his coat sleeve caught, tearing the arm off nearly to the shoulder. He can not survive.

His Injury Fatal.

URBANA, O., May 18.—Hiram Apple, 70, died Friday as a result of falling from a fence.

MINERS MUST COME OUT.

Eight Thousand Men Now at Work Called on to Join the Strikers.

PITTSBURG, May 18.—The delegates to the miners' district convention reassembled here after having consulted their various lodges on the subject of continuing the strike for 69 cents per ton. The miners of the district seem to be almost unanimous in favor of keeping up the war to the end, and the convention's first work was to pass a resolution declaring for a general suspension of work throughout the district until their demand for 69 cents is granted.

The shutdown will begin at once and all the union men at work at the union rates will be called out. It is estimated that between 5,000 and 8,000 miners are now at work in this district at the 69-cent rate, but the strikers believe it is detrimental to their interests to have these men at work until the demands of all have been recognized. Whether these men, who are now making good wages will consent to join the strikers or not remains to be seen and the success of the movement can not be ascertained for a day or two yet.

Struck in Sympathy.

AKRON, O., May 18.—Twelve hundred miners of Excelsior company, at Silver Creek, struck yesterday morning in sympathy with the other Ohio miners. The Brewster company has paid off and discharged 500 men who struck, and ordered them to remove their tools. On the other hand, 400 men of the Loomis company, who struck last week, returned to work yesterday. None of the miners in the Silver Creek section are in a shape to stand out long. About 1,000 are working.

Mines Closed.

DETROIT, May 18.—A special to The Free Press from Negaunee, Mich., says that the group of mines in Buffalo county, controlled by Corrigan, McKinney & Company of Cleveland, closed operations yesterday. Two hundred and fifty men are thrown out of employment. It is expected that work will be resumed before long with a force of about 80 men. None will be employed excepting men of families.

New Miners Refuse to Work.

BLUEFIELDS, Va., May 18.—The Italians brought here refused to work yesterday. Two hundred left for southwest Virginia yesterday. The stampede of new miners has encouraged the strikers.

UPRISING IN FORMOSA.

Riots Are of Daily Occurrence and Numerous Persons Have Been Killed.

LONDON, May 18.—The Times prints a dispatch from Hong-Kong, which says that anarchy prevails in the northern part of the Island of Formosa, and riots are of daily occurrence, numerous persons having been killed and wounded.

General Kn Hung Kue, a Hattia chief, has proclaimed himself king of the northern portion of the island and several thousand well-equipped soldiers have joined his standard and his force increases daily. The Chinese authorities have captured and beheaded many of his followers, but the revolt seems to be spreading. China advocates the recognition by the powers of a Formosan republic.

Another Objection.

LONDON, May 18.—A dispatch to The Times from Tien Tsin, says that France, Germany and Russia object to any financial scheme under which China shall confer special rights of any nation. This frustrates the reported proposals of an American syndicate to advance the amount of the indemnity demanded by Japan on the security of concessions of the right to build a railway in China.

CONGRESSMEN GROWING WORSE.

Hitt and Cogswell May Not Recover but Secretary Gresham Is Better.

WASHINGTON, May 18.—Both Representatives Hitt of Illinois and Cogswell of Massachusetts have grown worse within the last few days, and the grave fears felt that their recovery was very doubtful have been revived and there are apprehensions that in their enfeebled condition they may not be able to much longer resist the encroachments of their maladies.

Secretary Gresham's condition is hardly so favorable as the past few days. His appetite is gaining, however, and he has been allowed to take more nourishing food during the past two or three days than during the more serious stages of his illness.

Spain Replies to Secretary Gresham.

MADRID, May 18.—The Spanish government has completed its final answer to Secretary Gresham's dispatch concerning the Alliance incident and it will be cabled by Minister Taylor to Washington. The text of the reply will not be given here, but it is known to be entirely responsive to Mr. Gresham's requests and to be in a most cordial and friendly spirit.

School Land.

WASHINGTON, May 18.—Secretary Hoke Smith has approved two clear lists of lands in the Kickapoo Indian reservation in Oklahoma, which will soon be opened for settlement. They are for school indemnity purposes and for the benefit of any state or states that may hereafter be erected in Oklahoma. The two lists together comprise 87,668 acres.

Confederation Impossible.

ST. JOHNS, N. F., May 18.—It is unanimously felt by all shades of public opinion that confederation with Canada is impossible on the terms submitted yesterday to the legislature.

BUSINESS RETARDED.

The Severe Cold Snap Was the Cause of It.

R. G. DUN & COMPANY'S REVIEW.

Speculation Stimulated by the Distribution of Millions of Dollars by the Bond Syndicate—Wheat Advanced Five Cents, a Slight Advance in Corn—Heavy Movement in Wool—Failures.

NEW YORK, May 18.—R. G. Dun & Company's weekly review of trade says: The severe cold snap, with extensive frosts and in some states snow, has fortunately done little damage to the grain crops, though much to fruit, but has considerably retarded retail trade. The best news of the week is the advance of 10 per cent in wages by the Carnegie works, followed by the Jones-Laughlin establishment, and evidently implying a similar advance by many other concerns. The Illinois Steel company is starting its furnaces without granting the demands of employees.

No advance has been found practicable in the woolen mills, where conditions as to prices and foreign competition are very different and about 10,000 workers are still idle at Olneyville, where the works should consume 600,000 pounds per week. In other departments of labor troubles are not serious and the demand for manufactured products increases.

With material and steady enlargement in domestic trade, there is still great want of employment in the interior for money which comes higher, \$3,500,000 during the past week, and with the millions distributed by the syndicate on bond account stimulates speculation. Accordingly, wheat has risen 5 cents, although the reports of injury by frost do not appear, upon sifting, to concern any considerable proportion of the growing grain. Western receipts for two weeks of May have been 2,917,305 bushels, against 2,600,298 last year, and Atlantic exports 3,059,484 bushels, against 4,565,101 last year, being reduced by the advance in price less than would be expected because of generally current reports of decrease in acreage. With only six weeks of the crop year left, the stocks in sight constitute a heavy surplus, but not as large as some western statisticians estimate.

Corn has advanced only one-half cent, being apparently injured more than wheat, but the acreage gives promise of a yield of 2,000,000,000 bushels.

Cotton is an eighth stronger in spite of the fact that 9,461,081 bales had come into sight last Friday, which is over 400,000 bales more than the largest crop ever recorded. Northern spinners have taken a little less than three years ago to date, when the crop was over 9,000,000 bales, but at least 500,000 more than they have consumed as yet, and foreign spinners hold nearly 800,000 bales more than they have consumed, while commercial stocks here and abroad are 246,000 bales more than three years ago. The manufacturer is prospering, though no one can suppose its consumption is quite at the maximum, and for the year it certainly has not been. Goods are in fair demand for the season, and the advance in prices are maintained.

Wool is remarkably heavy for the past week at three chief markets, 5,536,750 pounds, and for two weeks of May 11,059,750 pounds, against 11,767,750 in the same week of 1892, the last year of full demand. In that year the same of domestic were 5,962,000 and this year 5,691,750 pounds.

Bessemer iron has risen to \$11.40 at Pittsburgh, with grey forge at \$9.65. Finished products are in larger demand but as yet not enough larger to cause any general advance in prices and proposals of combinations in merchants' steel, structural iron, cast pipe, wire rods and cut nails, with the existing combination in steel rails, show that the market does not rise of itself.

Failures during the past week have been 211 in the United States against 219 last year, and 37 in Canada against 24 last year.

SOUVENIRS FROM CANNONS.

Louisville Rejoices Over a Gift From the United States Government.

LOUISVILLE, May 18.—The military and citizens' parade here yesterday in honor of the arrival from Washington of the historic cannons donated by the United States Government to the Citizens' Grand Army committee, was an imposing affair. The parade was one of the largest ever seen in Louisville, being over a mile in length. The horses along the line of march were decorated with flags and bunting, and the city presented a gala appearance. Business was generally suspended and the people of Louisville turned out en masse to receive the relics.

One of these cannons was in service on the federal side and the other on the Confederate side during the war. It is the intention of the committee to have the cannon melted down and made into souvenirs for distribution during the coming encampment next September.

Contract Renewed.

MANAGUA, Nicaragua, May 18.—The Nicaraguan government has renewed its contract with the Pacific mail steamship. The arrangements call for an additional monthly steamer to Corinto to carry immigrants at three-fourths rates.

An Unsuccessful Effort.

ATLANTA, May 18.—In the convention of the Order of Railway Conductors yesterday an unsuccessful effort was made to change the general offices of the order from Cedar Rapids, Ia., to Toledo.

BIMETALLIC UNION.

Such an Organization Found in the Salt Lake Silver Conference.

SALT LAKE CITY, May 18.—At the silver conference yesterday Chairman Thompson appointed the following delegates to the Memphis bimetallic meeting, June 11: Ex-Governor Bradford Prince, New Mexico; Hon. F. E. Sargent, Butte, Mont.; ex-Governor Alva Adams, Denver; Hon. C. M. Donaldson, Oregon; Hon. Henry W. Langenour, Woodland, Cal.

Chairman Merrill of Montana of the committee on the plan of action reported the following:

RESOLVED, That an organization be conceded to be called the "Honest Money Educational Union."

Second—Its object shall be to inculcate the principles of bimetallicism and the restoration of the free coinage of silver at the ratio of 16 to 1, by the circulation of documents, the holding of meetings and other appropriate means.

Third—The union shall have an executive committee, consisting of one member from each of the 11 states and territories invited to the conference, which shall have charge of its work. These members shall constitute a quorum of this committee.

Fourth—Other states and territories can become connected with the union by a vote of a majority of all the members of the executive committee, and shall therefore be entitled to representation in the executive committee.

Fifth—In every state and territory connected with this union there shall be a state or territorial committee consisting of five or more members with power to fill vacancies and add to their membership. These committees shall be appointed at this conference.

Sixth—It shall be the duty of the state or territorial committee to raise the necessary funds for carrying out the object of the union and in every proper way to aid in the furtherance of these objects.

Seventh—The members of the executive committee for each state or territory shall be elected annually by the state or territorial committee respectively.

Upon motion of Judge Bickford of Montana the word "Educational" was stricken out.

Ex-Governor Adams of Colorado proposed the name "Bimetallic union," which was agreed to.

After adopting the remainder of the report without change the delegates proceeded to Port Douglas, where a salute and a review were given in their honor.

On reassembling in the afternoon, Dell of Ogden, who had vainly tried at the morning session to get in a lengthy substitute for the committee report, offered it, but it was voted down.

PLAN OF THE POPULISTS.

General James H. Weaver Interviewed on the Subject.

DENVER, May 18.—General James B. Weaver was interviewed by the Associated Press upon the duty of Populists in the coming presidential campaign. He said:

"The Populists will never go into the Democratic party, nor will any great number of the Democrats go into the Populist party, no matter what actions the conventions may take. There is but one sensible and patriotic thing to do, we must unite upon an independent ticket. The head of the ticket should be some man of Democratic antecedents like Sibley, who has left his party and declared war for the people. The vice president should be some prominent Republican, like Judge Caldwell, who is for financial reform."

Charged With Pension Frauds.

LANCASTER, Pa., May 18.—Special Pension Examiner John H. Jenks, acting under orders from Washington, swore out a warrant for Pension Agent Edward Bookmyer and his daughter Ella of this city, charging them with falsely making, altering, forging and counterfeiting applications for pensions. Bookmyer was arrested and gave bail for a hearing before United States Commissioner Montgomery. His daughter is in New York and a detective went after her. Other suits are promised, and it is said by Colonel Jenks that Bookmyer has been taking money to which he was not entitled and from persons who could not afford to lose it.

A Peddler Accused of Murder.

BROCKTON, Mass., May 18.—Peter Wingdren, a peddler, living at Campello, has been arrested by the Brockton police on suspicion of having murdered Nils Paulson, a stonecutter, whose body was found April 23 in a bog hole in a meadow near East Bridgewater. When the body was found it was given out that Paulson met his death by drowning, but the Brockton police shortly after began an investigation which resulted in the arrest.

Newfoundland Still Out.

NEW YORK, May 18.—A special to The World from St. Johns, N. F., says: The terms offered by Canada to induce Newfoundland to enter the Dominion are so unsatisfactory it is expected the legislature will unanimously reject them. The whole proceedings of the Ottawa conference were tabled in the assembly. But for legally necessary formalities they would have been thrown out.

Runaway Couple Arrested.

DETROIT, May 18.—Yesterday afternoon the detective bureau received a telegram from the police at Port Huron, stating that Christian Whiteman and Celia Hannon, the runaway couple from Bryant, Ind., were under arrest there. Michael H. Hannon, the girl's father, was notified, and started for Port Huron.

Wittenberg's Fiftieth.

SPRINGFIELD, O., May 18.—The semi-centennial celebration of Wittenberg college will take place May 26 to 30. The alumni reunion and banquet closes the exercises.

LIBERTY OR DEATH.

Watchword of the Cuban Insurrectionists.

PRIVATE ADVICES FROM HAVANA

Bayamo and Manzanillo Are Besieged by the Insurgents—The Spanish Troops Are in a Starving Condition and Unless Relieved Soon Will Be Compelled to Surrender—Recruiting in Florida.

JACKSONVILLE, Fla., May 18.—A cablegram from Key West says: Private advices to this city from Havana state that fears are entertained that the republican party will cause trouble in Spain, and the belief is general that Martinez Campos will leave for Madrid in June. In the event of Campos returning to Spain, General Polavija will come to Havana as captain general.

Many young men of the best families are leaving daily to join the insurgents.

Colonel Orisa, reported wounded in the battle at Camazan, was killed, according to reliable information. The insurgent leader in this battle was Angel Guerra.

Bayamo and Manzanillo are besieged by the insurgents. The Spanish troops are in a starving condition and unless relieved soon will be compelled to surrender.

On the 1st inst. two convoys of provisions, etc., were dispatched into the interior. The one sent overland was captured by the insurgents. It was valued at \$7,000.

The Holguin and Gibara Railroad company at first refused to give the \$100,000 demanded by Maceo, but has at last decided to give it.

People in the province of Pinar del Rio are waiting orders from insurgent chiefs to take up arms against the government. This move is expected momentarily.

A majority of the Spaniards on the island remain neutral, they having been assured that the revolution is not against the Spanish people, but against Spanish rule.

Ramon Esquinado Perez, captain of the Spanish army, but a Cuban by birth, was ordered to duty in Holguin, but committed suicide rather than fight against his people.

Drilling in Florida.

TAMPA, Fla., May 18.—Yesterday afternoon at 5 o'clock a young Cuban bugler, sounded the reveille in West Tampa, and within a few minutes about 60 Cubans, representing all vocations, had gathered and marched off to a level plot, where they exercised themselves in regular military drill and field movements without arms. They are to practice regularly.

More Troops Arrive.

SANTIAGO DE CUBA, May 18.—A battalion of 800 troops arrived yesterday from Porto Rico, and immediately left with a section of artillery for operations in the interior.

Insurgents Routed by Spanish Cavalry.

HAVANA, May 18.—The Spanish cavalry in Manacas has routed a band of 180 insurgents, who left two of their number dead and fled, pursued by the Spaniards.

HOLDUP FRUSTRATED.

A Gang of Counterfeiters Plan to Rob a Train.

BROOKFIELD, Mo., May 18.—The facts of a nifty plan in which the Burlington route's Chicago "Eli" train, which passes through this city at 10 o'clock p. m., was to be held up and robbed this side of Bevier, a mining station 25 miles east of here, last night, by the organized band of counterfeiters arrested in this city last Tuesday, has just come to light.

Harry Stode of this city, who was implored to assist in the robbery, divulged their contemplated holdup. He said that the capture of the leaders only has prevented the carrying out of the undertaking. Guns and revolvers, seized at the time of the arrest of August Tanner, Tuesday, were the instruments to have been used in case the adventure called for bloodshed, which undoubtedly would have resulted in serious trouble before the robbers had accomplished the end in view. Plans for this proposed project have been under way for some time.

Boardinghouse Wrecked with Dynamite.

MUNCIE, Ind., May 18.—At Parker, eight miles east of here, at an early hour the boardinghouse of Mrs. John Hewitt was wrecked by a dynamite explosion. Mrs. Hewitt and her daughter, Susie, were taken out of the wreck unconscious, and both are terribly injured. Mrs. Hewitt is injured internally, and her daughter's legs are crushed. Four other occupants of the house were slightly injured. Mrs. Hewitt was living apart from her husband, and when he appeared at the scene of the disaster, Mrs. Hewitt accused him of causing the outrage. Hewitt and his son were arrested late last night and taken to the Winchester jail.

Thirty Persons Burned to Death.

ST. PETERSBURG, May 18.—The town Brest Litewski, in the province of Grodno, Russian Poland, was completely destroyed by fire last evening, and 30 persons were burned to death. Brest Litewski was a town of about 4,000 inhabitants.

Destitute Miners in Ohio.

COLUMBUS, O., May 18.—Specials to The Dispatch say the miners near Alliance have resumed work at the old scale. At Dicksonville destitute men are begging of farmers and killing cattle and sheep.

SENATOR BLACKBURN and General Hardin may be very sorry when this campaign is over that they ever mentioned free silver.

THE more the people study this currency question, the less they favor free silver, that is provided they study both sides of the subject.

JUDGE DEMING, of Mt. Olivet, is very modest in his claims for the Republicans in the coming fight in Kentucky. He says they have no walkover.

It is conceded that Watt Hardin's ultra views on the silver question will, if he is nominated, defeat him by eight thousand votes in the city of Louisville alone. The people of Kentucky are for sound money, and if the politicians are not aware of the fact they will find it out at the polls.—Exchange.

General Hardin has been having lots of fun with the free silverites this week down in Western Kentucky, but, perhaps, he had better enjoy himself now. He may not have an opportunity later on.

THE Louisville Post is a warm supporter of Watt Hardin for Governor, and then says he will be beaten if nominated. There is a charming consistency about this that is truly refreshing.—Winchester Democrat.

The Post is after Colonel Clay's scalp, and doesn't care very much, we opine, what follows, just so the Bourbon man is retired to private life for good. The BULLETIN is still of the opinion that the Democrats had better nominate some one who is not mixed up in the factional warfare that is disrupting the party.

REPORTS of improvement in business continue to multiply. The gross earnings of the Louisville street railway lines last month showed a gain, it is understood, of \$10,000 over the March receipts. This was the first increase in gross earnings since the spring of 1893, says the Courier-Journal. The great railway systems tell a similar story. The April earnings, according to the Financial Chronicle, show an increase in the roads from which it has reports to the amount of \$1,639,344 over April, 1894. Says the Chronicle: "The increase is the largest shown in any monthly statement since June, 1893, and, in fact, until recently the record was one of almost continuous declines. For the fourth week of April the increase reaches as much as \$805,500, or 10.43 per cent."

KENTUCKY KNIGHTS TEMPLAR.

List of the New Officers of the Grand Commandery—Concurrent Jurisdiction.

At the meeting of the Grand Commandery of Kentucky, K. T., in Bowling Green this week, the following officers were elected:

Grand Commander—Sam H. Stoue, Richmond.
 Deputy Grand Commander—Reginald H. Thompson, Louisville.
 Grand Generalissimo—Eugene A. Robinson, Maysville.
 Grand Captain General—Charles G. Vogt, Louisville.
 Grand Prelate—J. T. Hedges, of Cynthiana.
 Grand Senior Warden—Jno. G. Orendorf, Russellville.
 Grand Junior Warden—Henry T. Jefferson, Louisville.
 Grand Recorder—David P. Robb, Versailles.
 Grand Recorder—L. D. Croninger, Covington.
 Grand Standard Bearer—Frank H. Johnson, Louisville.
 Grand Sword Bearer—George A. Lewis, Frankfort.
 Grand Warder—T. J. Smith, Bowling Green.
 Grand Captain of the Guard—A. C. Biddle, Hopkinsville.

One of the most important steps taken at the meeting was the adoption of a resolution wiping out all jurisdictional lines, and giving each Commandery concurrent jurisdiction. Hereafter a Commandery will not be limited in its work to a certain territory, as far as applications for membership are concerned.

WHEAT TAKES A BOOM.

It Sells in Kansas City at 75 Cents a Bushel—Good News For Farmers.

The price of wheat has been gradually getting higher for some time. A press dispatch from Kansas City, dated Thursday, says: "Wheat sold in Kansas City to-day at 75c a bushel, an advance of nearly 30c from the extreme low price reached last fall. So scarce has wheat become in the Southwest, and so high have prices gotten that wheat was bought in Chicago to-day for shipment to this city. A special rate of 13 1-2c a hundred weight has been made for the purpose, and it is expected that a good deal of wheat will be brought here from Chicago. The wheat supply of the Southwest has become almost wholly exhausted, and crop prospects are so poor that the few who possess wheat are disposed to hold to it. There are about 500,000 bushels in Kansas City elevators, but very little of it is for sale at any price. Chicago has over 20,000,000 bushels in store and mills all over the central West and Southwest have been compelled to go to that city for supplies—doubtless, buying back in some cases the very wheat which was shipped to Chicago from their own localities last fall, when wheat was cheap."

Amusements.

The tents of the E. L. Kinneman Shows are being erected this morning on the Dobyus lot just east of the Limestone bridge. Everything will be bright and new, from stakes to center poles. Most of the people have arrived, and everything will be in readiness by Monday night the opening. Our people are assured of a rich treat in the amusement line, and at a price that all can afford to go. There has been no show of this character here for several years, and we predict that the opening night will witness an immense crowd out. Watch for the parade Monday. Prices 10 and 20 cents.

WANTED—A good stout boy at H. Linss'.

SERVICES at St. Patrick's Church to-morrow will be as follows: Masses at 7:30, 9 and 10:30 a. m. Sunday school at the usual hour. Vespers and benediction at 3 p. m.

MR. E. P. BROWNING, who has been ill a week or two, is somewhat better. There is no improvement, however, in the condition of Mrs. Browning, who has also been ill some time.

MR. GEORGE DEINER, the Market street saloonist, has just finished furnishing his place of business with handsome new fixtures and otherwise improving the interior of his house until he has as nice a saloon as there is in the town.

THE New Era Restaurant was opened to-day under the new management of Mr. Peter Luzzi. He will run the bar business and the restaurant will also be under his supervision. The public get the best the markets afford, served in the best style, under Mr. Luzzi's management.

AN inventory and appraisement of the personal estate of the late Mrs. Mary C. Cox has been filed in the County Clerk's office. The appraisement amounts to \$110,707.11. The estate consists of railroad bonds and stocks, municipal bonds, bank stock, notes, \$40,000; worth of Government bonds and about \$20,000 cash.

THE usual services will be held at the M. E. Church, South, to-morrow. A telegram received this morning states that Rev. D. C. Browne is unavoidably detained. Other announcements will be made when further information is received. Sunday school at 9:15 a. m. Epworth League service at 6:30 p. m.

Goods are things on sight, and sight is the most valuable possession on earth. To lose it is to lose everything. It's a serious handicap to have but defective vision, unless the evil is remedied by spectacles. Most defects of vision may be corrected wholly or in part by properly fitted glasses. The longer the use of spectacles is put off the greater and more serious the defect to be corrected. When the eyes are concerned delay is not to be thought of. We make examinations free and supply any glass required as well as everything in Optical Goods at the most reasonable prices in the State.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kincheloe,
Conway, Ark.

The Centaur Company, 77 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

GOOD TIMES HAVE COME.

To the Iron and Steel Industries, and the Price of Labor Has Gone up.

CLEVELAND, O., May 16.—The Iron Trade Review says to-day: "Probably no week of the year has done more to establish a new basis for iron and steel prices than the one just ending. The advance of blast-furnace wages in the Shenango Valley nearly to the 1892 level, with a 10 per cent increase at several Pittsburgh furnaces coming in its train, was followed by the sensational stroke of the Carnegie Steel Company in adding 10 per cent to the pay of all its men, though its contract with them would continue through the year the scale fixed January 1st. The pace thus set will hardly be disregarded elsewhere. And added labor cost will be made up by higher prices on products. In spite of repeated assertions that advances in price can only be sustained by a marked expansion in the demand for finished products, the market has been demonstrating week by week that the lifting power is being applied at the other end. Cokeworkers' wages and coke prices were put up in advance of any improvement in the market for furnace and foundry products. Then Bessemer ore prices went up in advance of a better pig-iron outlook. New blast-furnace wages have been increased beyond anything immediately warranted in the market and certain steelworkers and rolling-mill workers at Pittsburgh have been given more pay in advance of a proportionate market improvement. Events would indicate that these various advances have been the cause rather than the result of increased buying of finished material, and thus the market is gradually coming into a condition which theoretically should have preceded the various steps to higher ground. With current pig-iron production at the rate of 8,000,000 tons a year and stocks somewhat reduced in April, there is evidence that iron is going into consumption at a rate nearly 25 per cent faster than in '93. In the past week a special cause has helped the market for Bessemer pig. Buying in the valleys and at Pittsburgh for shipment to Chicago in anticipation of a long strike brought the price to \$10.75 at valley furnaces.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.
